FIFTEEN CENTS

A BRIGHT SILVER SHOVEL was brought out Sunday, the Fourth of July, for ground-breaking ceremonies for the re-creation of Antioch's historic saw mill. The Bicentennial project will be built on Sequoit Creek, west of Main St. Adults at the ground-breaking were (from left) Mike Haley, Gene Zannini, Bob Wilton Sr., Bill

Brook, Mayor Bob Wilton, Annaliese Buck, Irv Walsh, Dianne (Willie) Schmidt, Arnold Weber, Bill Seemann, Walt Shepard, Mabel Lou Weber and Ron Cunningham. The children were Stephanie Seemann, Christopher Seemann, Jimmy Weber and Sandra Cunningham. (Picture and related story on page 2.)

What's Next? The Art Fair

Sunday in Downtown Antioch

What do you do for an encore after last Sunday's tremendous Fourth of July celebration in Antioch?

Well, there's something fascinating going on here every weekend, it seems, and this coming Sunday it's the 4th annual Arts, Crafts and Antiques Fair.

The event is sponsored by the Antioch Chamber of Commerce and Industry.

MORE THAN 100 Illinois and Wisconsin artists, craftsmen and antiques dealers, both professional and amateur, will

be displaying their wares, from 11 a.m. until 6 p.m. (There is no rain date).

The fair will be held in the village parking area on Broadway St., one block west of Main St., between Lake and Orchard.

A variety of refreshments will be sold by area service organizations, churches and youth groups.

ENTERTAINMENT will be provided by "The Sweet Betsy," a Chicago autoharp band, the Antioch Grade School senior band, and the Antioch Community High School symphonic band.

Two-Liner

To try when there is little hope is to risk failure. Not to try at all is to guarantee it.

ONE OF THE MANY beautiful works of art displayed at last year's Antioch Chamber of Commerce Art Fair was this painting of Kathleen Stagg, when she was 7. Kathleen was 16 when she posed with the picture last July. It was painted by her mother, Patricia, of Lake Villa.

In this issue

Pictures, pictures and more pictures of Antioch's parade and celebration of our nation's 200th birthday. Don't miss a page.

2 Swimmers Drown in Rock Lake

Two young Chicago swimmers drowned early Sunday morning in Rock Lake at Trevor, Wis.

They were 21-year-old Thomas Treskowsky and 18-year-old Barbara Smith.

Kenosha county sheriff's deputies were called at 6:50 a.m. by a person who said the two young people were in the water and suddenly were missing.

A sheriff's deputy said, "There's a ledge and they must have dropped off. Their bodies were found in the weeds."

A sheriff's department diver found the girl at 11:45 a.m. and the young man's body was hooked by dragging operations of the Silver Lake underwater rescue team.

A member of the Salem Township Rescue Squad said it was possible that the swimmers got tangled in weeds and couldn't get free.

BICENTENNIAL PLATES from Pickard China, featuring the saw mill that will be built on Sequoit Creek, are displayed by (seated from left): Richard Daniel, vice-president of the State Bank of Antioch; Village Clerk Marilyn Sterbenz and Lions Club member Dave Bushing. Standing is LaVerne M. Woods, president of the First National Bank of Antioch.

'Sawmill Plates' Are Now on Sale

The "Hiram Buttrick Sawmill Restoration" Bicentennial Plate is now on sale. It is a project of the Antioch Lions Club.

Distribution of the plates was engineered by LaVerne M. Woods, president of the First National Bank of Antioch, and chairman of this Lions Club committee.

The plates are available at the First National Bank of Antioch, the Antioch Savings and Loan Association, the State Bank of Antioch, Foremost Liquors, Swan's Liquors and the Village Hall.

Cost per plate is \$17.76. There were 1,776 plates made by Pickard China, Inc. of Antioch and a certain amount of the limited edition plates will be numbered.

The cost of a numbered plate is \$22.50 and they will be available, while the supply

lasts, through special order with any of the merchants displaying the plate.

Not more than 500 of the plates will be numbered.

The Hiram Buttrick Sawmill was built in 1839, just two years after Antioch's first settlers, Darius and Thomas Gage, built their cabin on Sequoit Creek.

Restoration of the historic sawmill will be completed this year on Sequoit Creek in Antioch, a short distance west of Main St. Groundbreaking ceremonies were held Sunday, July 4.

Maple Spraying Begins

Village of Antioch crews will start spraying maple trees this week. The project will continue until finished sometime next week.

An insect known as the cottony maple scale is threatening to destroy many of the maples. The spray can save the lives of most of the trees, village officials feel.

Trustee Bill Seemann said Tuesday that trees will be sprayed on private property and people can help by tying rags around the trunks of their infected maple trees.

"Some are even putting up signs, telling us not to forget the ones in the backyard," Seemann said.

He asked that owners of the trees volunteer to send \$4 a tree to the Village of Antioch, 874 Main St., to help defray the cost.

Seemann said state employees in Springfield told him, for some reason, the spray being used "does raise problems with General Motors cars."

Especially these, and maybe other cars too, should be parked in the garage if possible, Seemann said.

He said the village should be able to kill about 80 percent of the insects, but the problem probably will arise again next summer.

He also warned that the spraying must be done at about 5:30 a.m., before the temperature reaches 75 or 80 degrees, or the chemical can't kill the insects.

Seemann asked resident to be patient with the noise made by the sprayer early in the morning, and also to put up with the residue they may find on their cars and their windows. It can be washed off.

The insect already is attacking the new maple trees recently given to the village by the Chamber of Commerce.

Jaycees Plan To Finish The 'Hold-Up'

The Antioch Jaycees are thanking the generous people who were "held up" during their 4th annual Hi-Way Holdup Project Friday, June 25.

"Due to unforeseen circumstances we were unable to complete the 'Hold-Up' on Saturday, June 26," said Jaycee president Paul Kinas. "So we have rescheduled the completion of this project for this Saturday, July 10. If we missed you the first time around, we ask your support on the 10th. The proceeds are used to augment our youth program."

Meet July 14

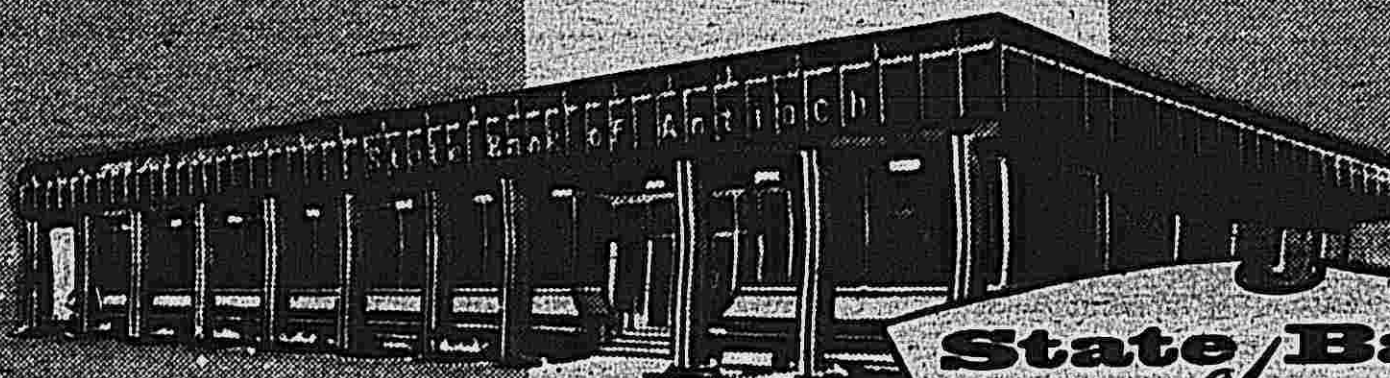

The La Leche League of Antioch and Lake Villa will meet at 8 p.m. on Wednesday, July 14, at 608 Sears Blvd., Wildwood.

The topic for discussion will be "Advantages of Breast Feeding to Mother and Baby." Babies are welcome at meetings, as any women interested in learning about the art of breastfeeding. For more information call 395-6081.

Democrats Set Golf Day, Even Invite the GOP

Tickets are still available for the first annual Antioch Township Golf Day, Wednesday, July 21, at Antioch Country Club.

"Don't wait until the last minute to join your Democratic friends in a round of golf and an evening of great dining and conversation," said Chairman Frank ReCupido.

"Democratic office holders and candidates will appear. To the loyal opposition (our Repub-

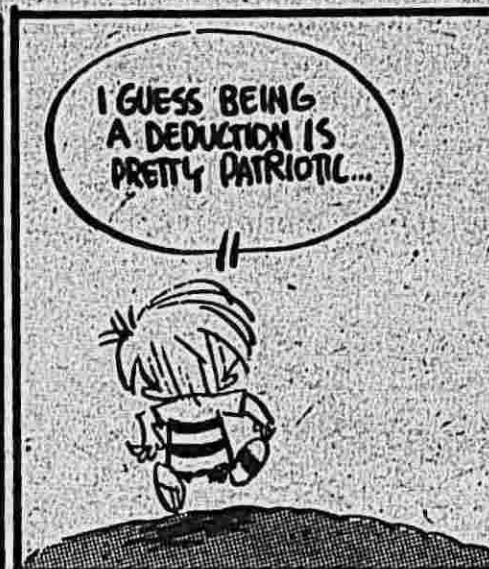

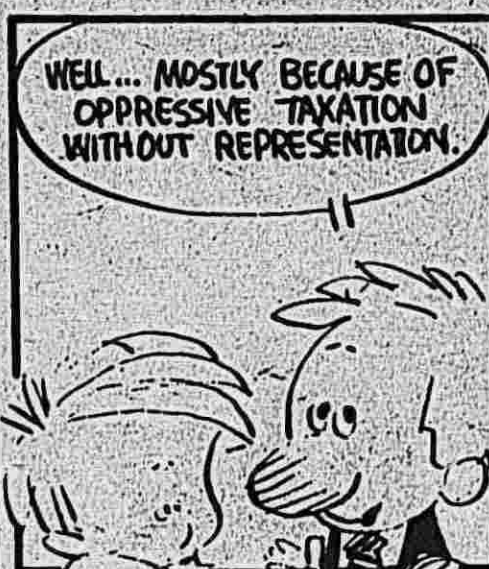

lican friends) we would like to extend a special invitation," ReCupido said.

Tee-off times will start at 8 a.m.

"The dinner at 7:30 p.m. is a guaranteed hole-in-one. Everyone is invited. Make your reservations now. Call 395-5074," ReCupido said.

THE TOWN CRIER

WE KNOW a young boy whose favorite TV programs are "The Three Stooges" and the Chicago Cubs games.

Sometimes it must be hard to tell the difference.

HAPPY BIRTHDAY tomorrow to Nelson A. Rockefeller, who will be 68.

A reporter once asked Rockefeller:

"When did you first decide that you wanted to be President of the United States?"

"When I was a little kid," Rockefeller winked. "After all, considering what I had to start with, what else was there?"

BILL BROOK of the State Bank of Antioch is arranging for a mock Revolutionary War battle as part of the entertainment for the annual Lions Club

picnic here Sunday, Aug. 1.

It is quite a show and involves a group of "British Redcoats" and "Minutemen" from the Joliet area.

They staged their show at Lake Villa's Allendale school recently and should attract a huge crowd to the area of the Little League park on Aug. 1.

Adults, as well as children, will be delighted by the authentic 200-year-old weapons and maneuvers of the two groups.

AS USUAL, the Lions Club car raffle will result in someone winning (on Aug. 1) a 1976 Chevrolet Nova, Ford Maverick, Dodge Dart, Pontiac Ventura or \$2,500 in cash.

Second prize is a trip for two to Disneyworld. Only 1,500 tickets will be sold and we have some here at the Antioch News.

AVERAGE PRICES of gasoline hit 1976 highs this week in the Chicago area.

Two weeks ago, a survey showed the price of a gallon of premium cracking the 70-cent mark at some stations. This week, the price of unleaded fuel jumped over the 70-cent barrier at a few stations in Chicago and Cook county.

In the Chicago area, the average price of a gallon of regular rose to 61.7 cents, up 1.7 cents in the past month, while the average price of premium

BARRY GOLDWATER

Uncle Sam's Army Of Investigators

By SEN. BARRY GOLDWATER

In the last few years, actually, in the period that began with our grave concern over pollution and the creation of an Environmental Protection Agency (EPA) - more and more Americans have been finding their lives regulated by decrees from Washington.

Almost unnoticed, the stream of regulations and dictates has become a genuine flood. Most of them are written by bureaucrats whom no one sees and no one has ever heard of.

ACCORDING TO the Reader's Digest, in 1973 the Federal Register needed 35,591 pages to publish all the new decrees: in 1974 it required 45,422 pages. And to enforce the new and old decrees spewed out by government bureaus, Uncle Sam maintains an ever-growing army of investigators and informers.

Although the Central Intelligence Agency gets most of the publicity, the fact remains that, over and above 12,000 to 16,000 CIA investigators and the additional thousands who work for military intelligence units, the government has some 60,000 men and women who function as investigators. They are scattered among 44 separate departments, agencies and commissions of the federal government.

According to the Civil Service Commission, the exact total is 60,716 as of October, 1973. This represents an increase of 16,676

over the 44,040 investigators reported in a similar study in 1964. And the number has undoubtedly increased since the 1973 computation.

THE PRIMARY reason for the increased number of investigators has been new legislation such as the Civil Rights Act, the Wholesome Meat Act, and the creation of the Environmental Protection Agency as well as other measures requiring enforcement personnel.

Following is a computation of the number of investigators and what they are doing:

19,517 investigate criminal activities.

8,045 protect and police public property.

7,081 inspect meat and poultry for purity.

6,306 assess and collect delinquent taxes.

3,864 inspect imported goods.

2,653 enforce equal-rights laws.

Please turn to page 5

The Town Crier

Continued from page 4

stood at 67.2 cents, up 1.8 cents over the past month.

Last week we had to make a rush trip to Kenosha, Wis., and had to stop at a name-brand station in Antioch. The price was 65.9 cents for a gallon of regular. In Kenosha, 20 miles away, it was 51.9.

Doesn't that raise some questions?

MEN WHO played football for Antioch High School 15 and 20 years ago probably remember Frank Buccì, the Wilnot coach who used to bring his teams here to battle the Sequoias in the annual season opener.

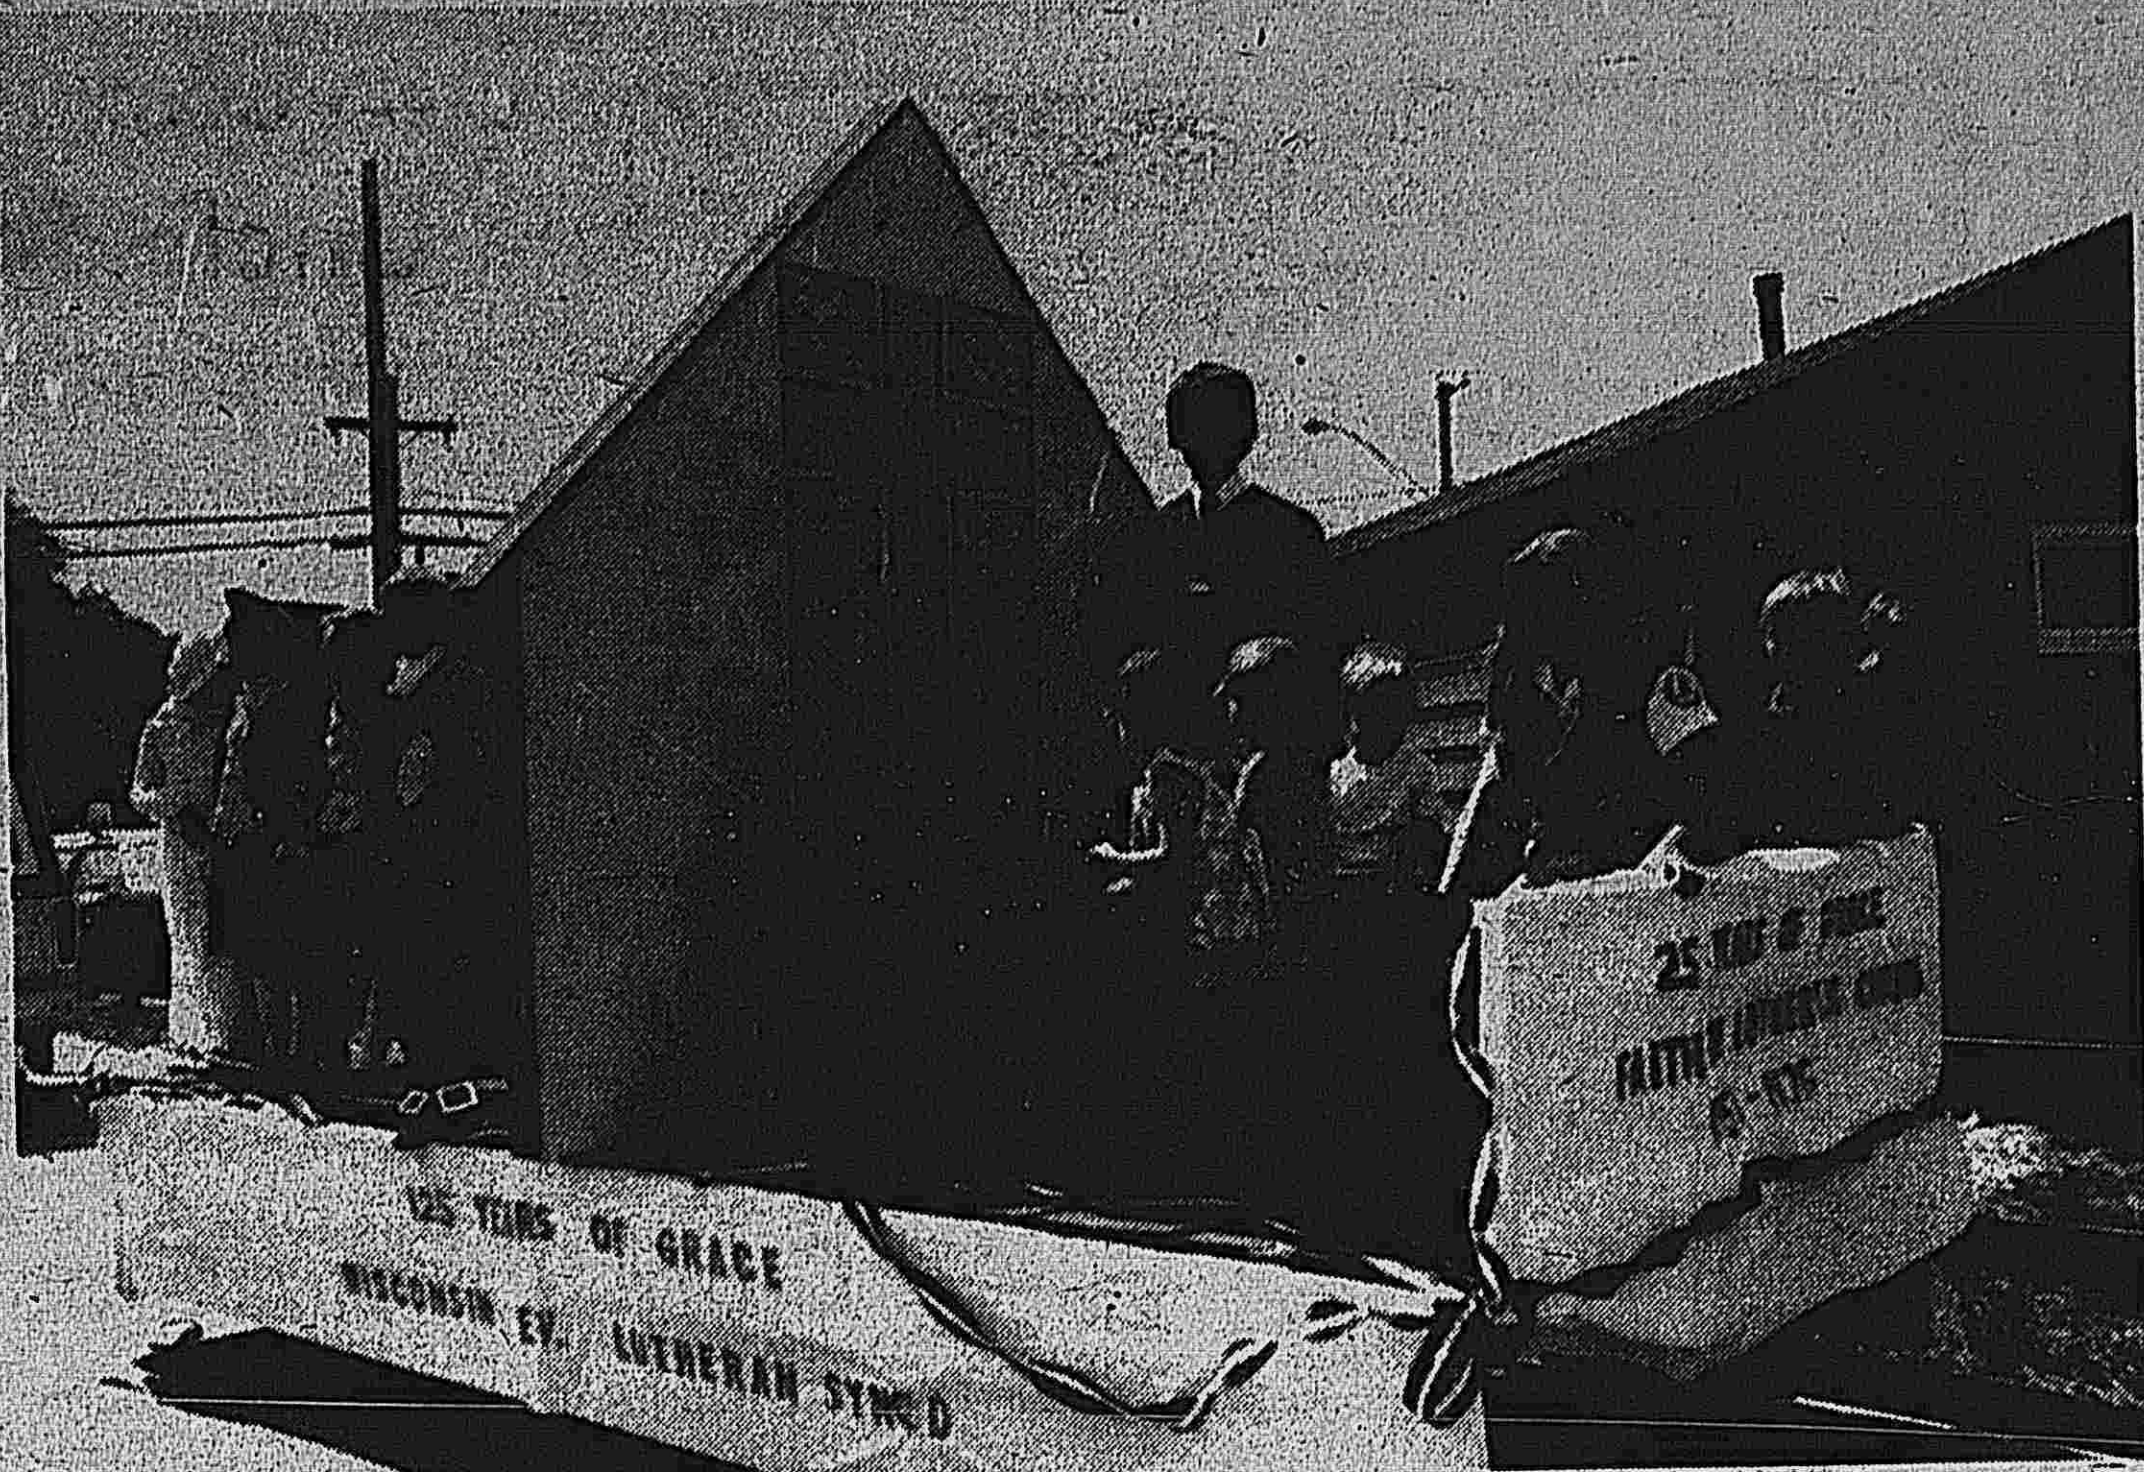

Buccì is retiring as athletic director at Wilnot and will move to Florida later this year. He coached at a small high school but is a man who attracted tremendous respect from those who knew him. A Burlington sportswriter said recently:

"I am amazed at the respect the students show Buccì. Frank seems to have the knack for crossing the bridge over the generation gap. He is the type of man who commands respect, yet always has been able to blend warmth with this ability to impart discipline."

A good boss can step on your shoes and never ruin your shine.

Meeting Set

The next regular meeting of the Chain of Lakes-Fox River Commission will be Friday, July 16, at the McHenry City Hall, 1:30 p.m.

THE GRAND PRIZE WINNER of Antioch's Bicentennial parade Sunday featured costumed children from Faith Lutheran Church, "stained glass" windows, pews and all. The parade,

biggest in Antioch's history, attracted thousands of spectators and was sponsored by the village's volunteer fire department.

The Time Machine

70 YEARS AGO: JULY 5, 1906

Wisconsin Central Railway Company's time card for the Antioch Station includes daily departures for Chicago at 6:57 a.m., 7:18 a.m., 11:17 a.m., 4:20 p.m. and 9:08 p.m.

"What is the meaning of 'alter ego'?" asked the teacher of the beginners' class in Latin. "The other I," said the boy. "Give a sentence containing the phrase." "He winked his 'alter ego.'" - Chicago Tribune.

50 YEARS AGO: JULY 8, 1926

The Winch pavilion on Sunday night, July 4, had more than 4,000 admissions. Antioch restaurants had a hard time in keeping up their food supplies with the continuous mob rushing in and out during the Fourth of July weekend. Automobiles were moving back and forth so close that bumpers were riding bumpers. There were very few accidents, a small number of drunks, no fighting and no commotion to amount to much.

The cast has been selected for "Sweetheart Town," the Antioch Business Club's musical comedy at the high school auditorium. It includes: Edna Thiebold, Ward Abt, Victor Brown, Elynor Dodge, Cornelia Roberts, Willard Chinn, L.R. Watson, J.C. Nixon, Olonna Roberts, Hilma Rosing, S.B. Nelson and Jean Abt.

20 YEARS AGO: JULY 5, 1956

Charles (Tod) Mapletorpe, an employee of the Village water and sewer department, was appointed superintendent of that department Tuesday. He qualified as a water and sewage disposal plant operator some months ago and has had special training.

10 YEARS AGO: JULY 7, 1966

Kelly Corbel, five-year-old daughter of Mr. and Mrs. James Corbel of Rt. 5, got a nice birthday present last Wednesday. She won the Grand Prize game, receiving about \$300 worth of assorted merchandise, on Bozo the Clown's program.

Ever dream of being the Caped Crusader, Batman? Or maybe you'd fancy yourself as Cat Girl. You can get a picture of yourself as one of these intriguing characters at the American Legion Carnival.

Parking Meter Survey Begins

The survey is underway to see if Antioch will have parking meters in its downtown area.

The Chamber of Commerce has selected a committee, composed of Dennis Johnson, Bill Patterson and Dick Erickson. They will hand-deliver a printed questionnaire to the businessmen on Lake and Main streets.

At its June 21 meeting the village board voted to take down the meters and replace

them with signs, perhaps limiting parking to two hours.

The trustees were acting on a suggestion by the Chamber of Commerce and Industry's board of directors.

However, other businessmen said later that maybe they want the parking meters to stay.

No action will be taken until a poll determines the consensus of opinion of all businessmen affected.

Gun Safety Classes Soon

By CHARLES P. RAYMAN

The Northern Illinois Conservation Club has developed a new program of safety training classes for hunters and others interested in gun safety.

The program was found to be necessary because of new Illinois law requiring any person 16-years-old or younger to have received at least eight hours of safety instruction prior to issuance of an Illinois hunting license to that person.

UNDER THE new law, applicant must either qualify as noted above, or display and prove ownership of a hunting license for the year prior to that in which application is being made.

Individuals 17 years or older are exempt from the provisions of the new law. Notwithstanding

this exemption, adults are well-advised to attend these classes also, since many states (including Canada) will not issue a current license unless a license for the preceding year can be displayed.

Classes will be conducted at the headquarters of the Northern Illinois Conservation Club (2½ miles west of Antioch just off Route 173).

The first class will be held on Saturdays, July 17 and 24, from 1 to 5 p.m., and the second class on Saturdays, Aug. 7 and 14, from 1 to 5 p.m.

State Instructor Henry R. Kaht will be supervising the free classes. Reservations

should be made by calling 395-1878.

UPON COMPLETION of the training course, trainees will receive official certificates and registration cards. Classes will be limited to 50 persons at each session, therefore early reservations are advised.

In line with its basic tenets, the club will couple "conservation appreciation" information and instruction with the hunter safety classes in order to promote greater awareness of the need for protection and care of the natural environment.

Civility costs nothing.

Along the way with ANNIE MAE

Wasn't that something last Thursday when Bill and Mary Barr acquired two new grandsons within 2½ hours?

Their daughter, Ellen, who is Brad Ipsen's wife, had a baby boy at Victory Memorial Hospital at 8:30 in the morning.

Then their son Michael's wife, Debbie, had a baby boy in Chicago at about 11 o'clock.

THE BIG SIGN out in front of Barr Funeral Home and Ipsen's Cleaners said: "We've Got Boys! Baby Ipsen 7 lb. 8 oz. Baby Barr 8 lbs. 11 oz."

Brad and Ellen have named their first offspring Kent. Gert and Lee Ipsen, of course, are proud grandparents just like Bill and Mary Barr.

Michael and Debbie Barr have named their little guy Michael.

The excitement isn't over. Brad's brother, Lon Ipsen lives in Little Rock, Ark., and his wife Linda was expecting their first baby on Monday of this week. The Antioch Ipsens are anxiously awaiting word of that new arrival, too.

Happy birthday wishes to Lee Pearce, who celebrated his 5th on the 6th.

Yesterday, July 6, was Gen Cermak's birthday. Hope it was a happy one, Gen.

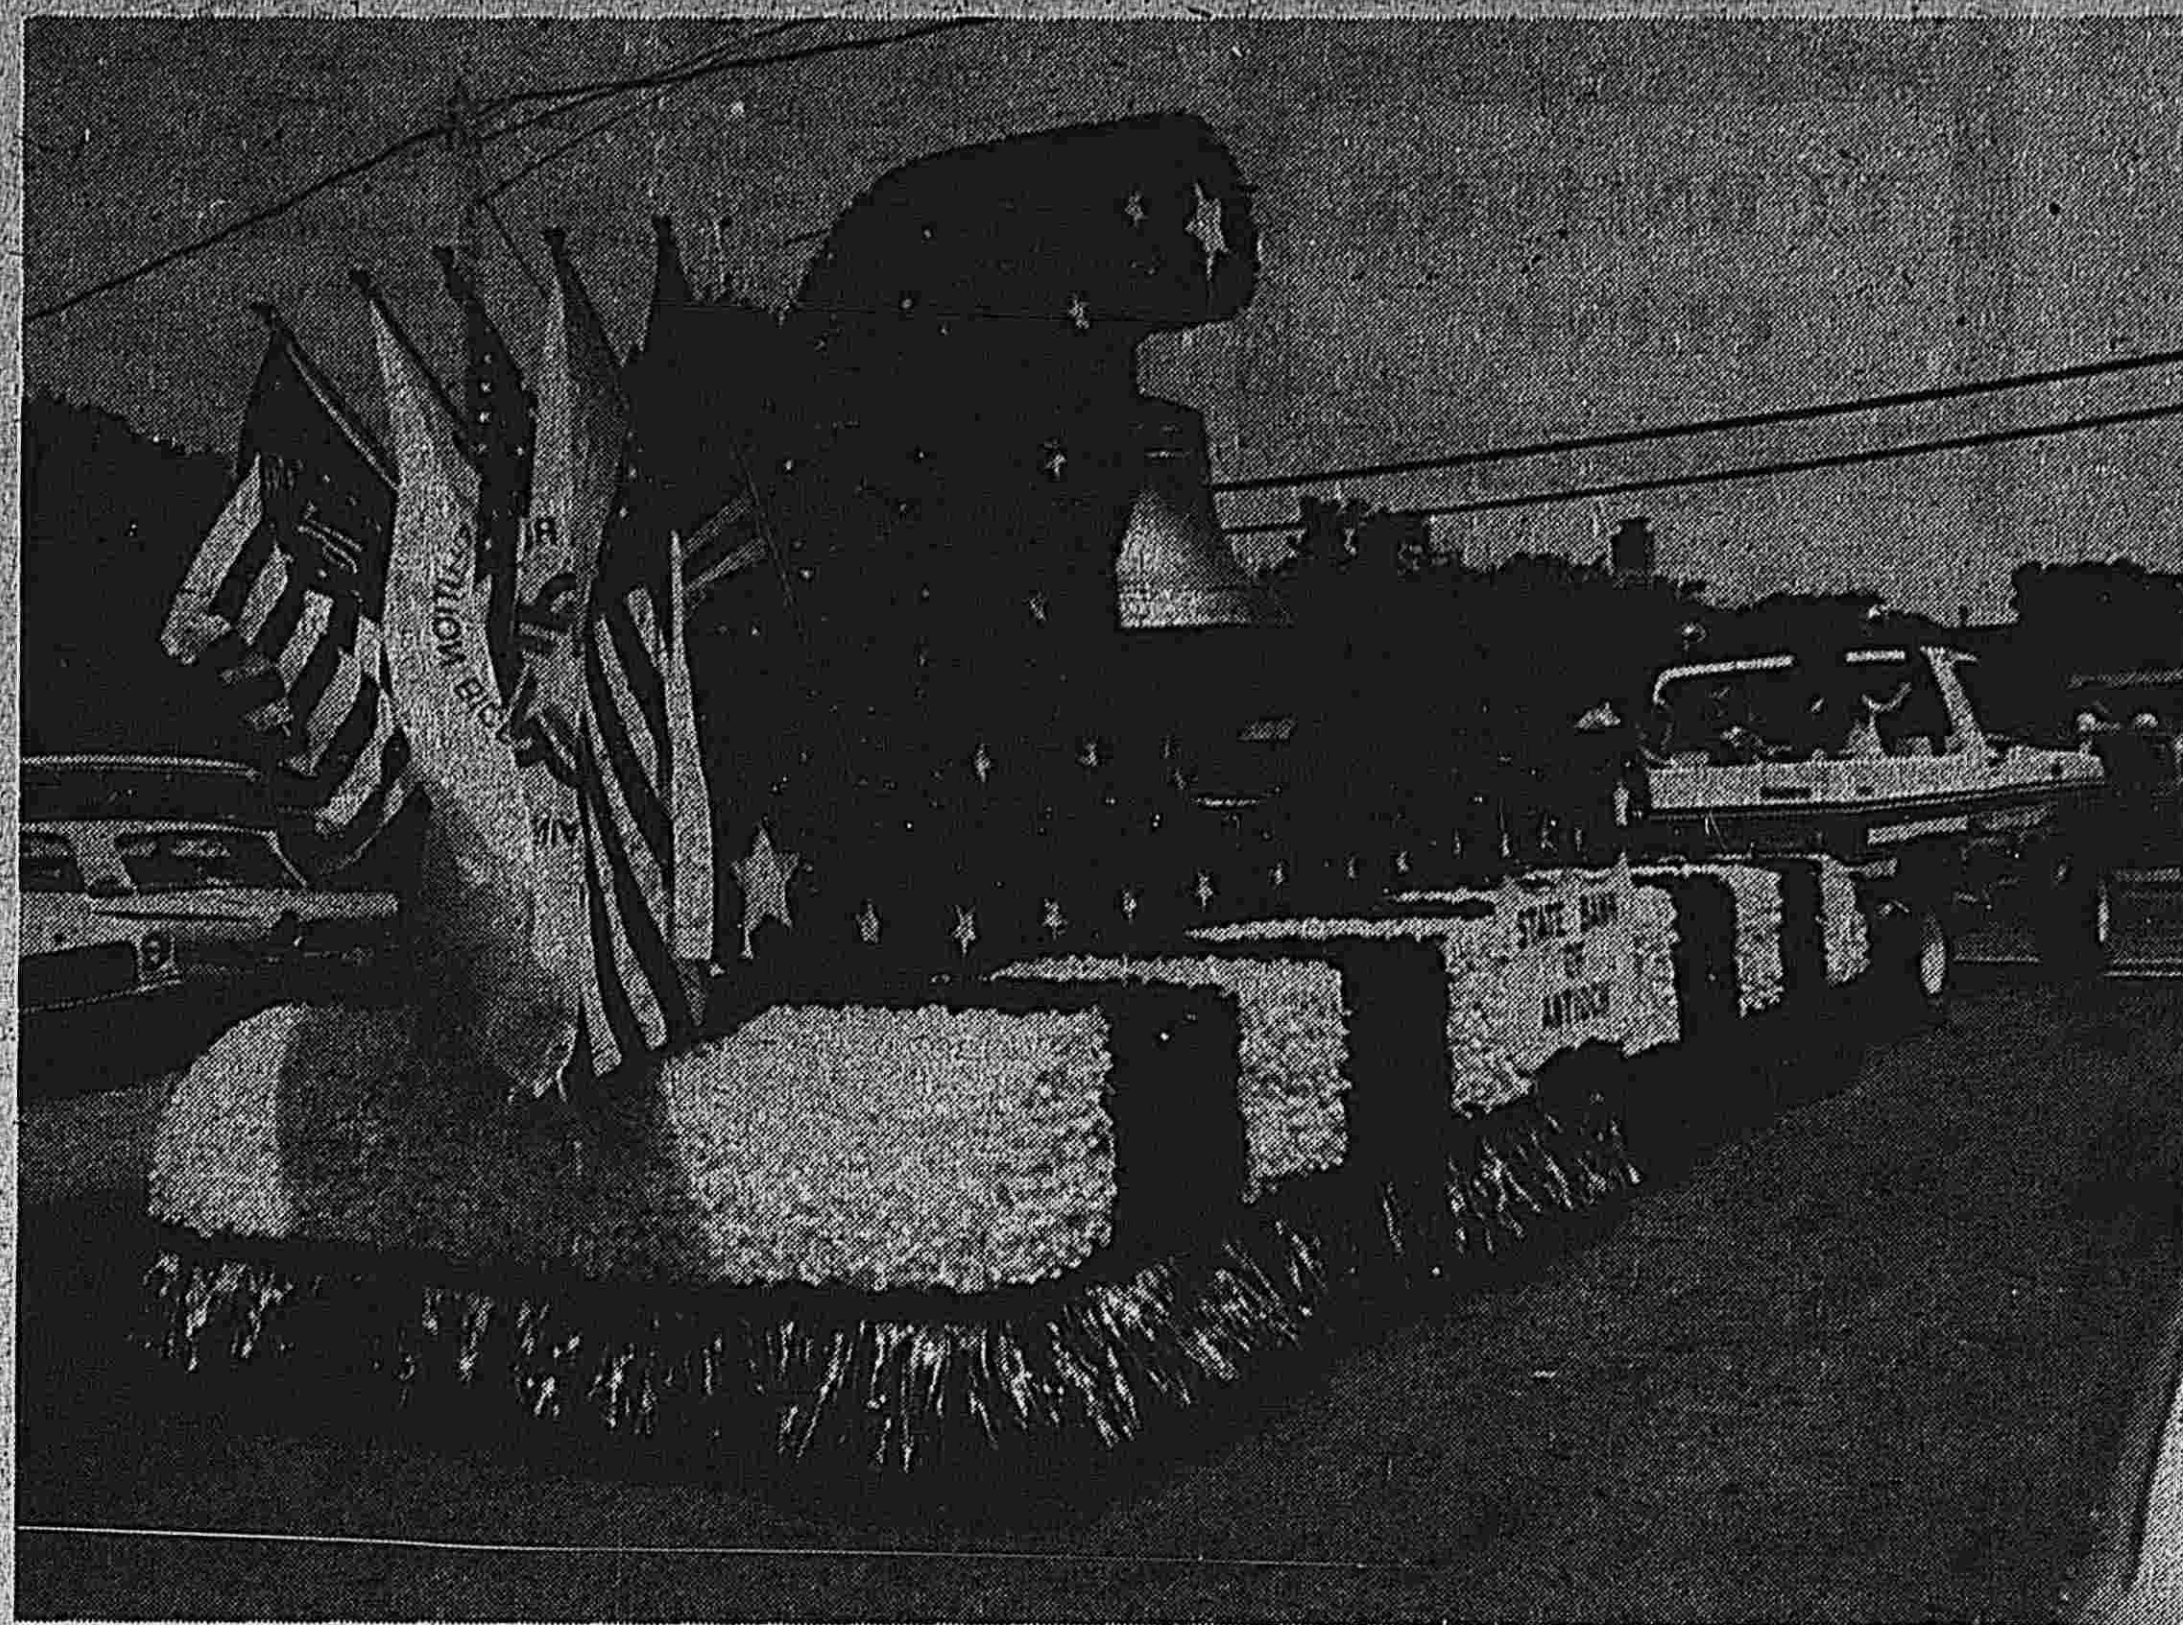

SOME VERY pretty young ladies will be having birthdays in the next few days.

Donna Gutowski will be 11 on Thursday, July 8, and Mary Pat Pfarr will be 18 on the same day.

Next Monday, July 12, is Julie Gutowski's birthday. (The sweetheart of Channel Lake.)

HEAR TELL Mayor Bob Sabonjian of Waukegan came out to Antioch the other evening and stopped at Thompson's Restaurant.

The colorful Sabonjian got quite a surprise when he saw his good friend Maggie Lenny behind the bar. It had slipped his mind that Harry and Maggie

UNFURLING FLAGS and a large Liberty Bell stirred patriotism among Sunday's parade watchers as the State Bank of Antioch's float

passed by. Thousands lined the streets for the colorful event.

are the new owners of Thompson's.

The Waukegan mayor was especially surprised when Maggie immediately went to the cooler and brought out his favorite sauterne, a bottle of wine she had been saving for six months, waiting for Sabonjian to show up.

SOME THOUGHT is being given to placing a time capsule in the foundation of the saw mill (Antioch's "Horizons '76" project).

Tentative ticket prices for the Aug. 21 and 28 Bicentennial Musical Variety Show at the ACHS auditorium, have been set at \$2. Jim Kopriva and George Olizar are reviewing old sheet music that may be used.

The Antioch Lions Club's "Pickard Plate," picturing the saw mill, was ready for its premiere showing on July 4. Proceeds from the sale will be used for the Antioch Bicentennial Sculpture.

The mill committee is looking for a mill wheel to purchase, so the structure size can be proportionately determined ... it seems that making one is a

lost art.

AN INDIAN POINT couple, Mr. and Mrs. George Ringwald, are the proud grandparents of a Fourth of July baby.

She is Kelly Marie O'Connor, daughter of Scott and Mary O'Connor, who were visiting the Ringwalds here last Saturday. They returned to Chicago Sunday and that's where Kelly Marie was born. Thanks to Fran Reeder for giving us the new good news.

By JANET MILLER

As I sit here racking my brains, trying to remember how to spell, type and assemble sentences, I am wondering how I ever made it through school! At any rate, hello, and welcome to the Furniture Clinic!

This column is dedicated to those of you crafty, ambitious people who not only get an "adventurous" feeling every time they come across an interesting old piece that is crippled, scarred, and wearing "29" coats of paint, but also for those who are brought back from a dead faint after finding out the price of new furniture.

THIS IS THE time of the year when most of us who like to fuss with furniture are beginning to scout out garage sales and new friends with unexplored attics. (Some of the best places to "discover" camouflaged treasures just waiting to be unveiled by patient, loving hands.)

For those of you who have never purchased a "white elephant" dresser painted char-treuse for \$5, taken it home and

stripped it down to find a solid, golden-oak beauty from the turn of the century, but are beginning to notice an (unquenchable curiosity to try your hand at this very satisfying art, here is a brief, inexpensive list of supplies to get you started.

THE BEST stripping compound you can find.

2 coffee cans (one for fresh stripper, one for "glop").

An old paint brush (to apply the stripper).

1" - 2 1/2" flexible paint scrapers.

Brass bristle brush (for encouraging stubborn spots of finish to let loose).

Heavy-duty rubber gloves (most stripping compounds are hard on cuticles, hangnails, etc.

Also, old toothbrushes, (I'm "partial" to denture brushes because they are stiffer) coarse steel wool, nut picks, manicure tools, hors d'oeuvres pickers, uppers and all of those other weird little things that you didn't know what to do with until now. (All of these things are great for working around spindles, chair rungs and tight indentations and carvings.)

A FINAL NOTE, don't forget to wear your grubbies and be sure to put down a lot of newspapers or work outdoors. Avoid the lawn at all costs, or if your spouse is like mine, you'll never live to tell about it!! (Most stripping compounds also tend to be hard on plants and

grass, it kills them!)

SO NOW YOU are ready to begin. Carefully apply the stripper to one small area at a time (a leg, a seat, etc.). If you try to cover too large an area at one time, while the stripper is doing its work, it will begin to evaporate, and it should always be thick and moist. Let the stripper set 5 to 10 minutes and then test a small part by lifting off the "glop" with a paint scraper. If it comes away nicely, then remove the rest of it.

When you have done this, go back with your steel wool and some fresh solution and firmly rub the same area down until all traces of old finish have disappeared and all you have left is the beautiful, natural wood. In the event that your project had several facelifts in its past life, you may find that you will need to apply the stripper more than once, letting it set for 10 to 15 minutes each time. It may be tedious, but it's usually worth it, especially if you like it and it is in good condition.

Here is a recipe from my own file. You never know when you may need it, and it can save you a lot of money.

BRASS CLEANING SOLUTION

1/3 cup ammonia, 1/3 cup baking soda, 1/3 cup vinegar, 1 cup very hot water. Mix well and soak brass hardware for 15 minutes remove and brush indentations with a toothbrush to get the blackness off. Polish with a good brass polish.

Q. I WOULD LIKE A SMOOTH FINISH ON AN END TABLE. HOW DO I ACHIEVE THIS WITHOUT A THICK, PASTY LOOK? Mrs. Sue Johnson.

A. A smooth finish can be best obtained by working on a "clean" surface (one that is free of any wax build-up). If you have this, it can be easily removed by wiping the surface lightly with mineral spirits or furniture wax remover. After the surface has dried thoroughly, spray or brush on a few thin coats of varnish or one of the newer polyurethane finishes, letting each coat dry completely and light buffing with 4/0 steel wool between each coat. When the final coat has dried, buff it with a piece of brown paper bag in place of the steel wool. (This will give it a smooth, glossy finish without all of the "cutting" action of the steel wool.)

For weekly maintenance, dust with a fine grade of lemon oil.

THIS SHOULD do the job for you, Mrs. Johnson. Thank you for the question, and I hope to be hearing from more of you in the future! Send you questions to FURNITURE CLINIC c/o Antioch New, P.O. Box S, Antioch, Illinois 60002.

Get Pay Hikes

Illinois Bell announced Tuesday that the final wage increases called for in labor contracts negotiated in mid-1974 will take effect in early August.

The wage hikes for some 30,000 telephone workers will increase Illinois Bell's wage payments by about \$35 million a year.

The new wage scales bring maximum basic wages for Chicago installers to \$316 a week, for operators to \$210.50 a week, and for service representatives to \$253 a week.

ABC's of Travel

Domestic and International

By BARB CORBIN

PASSPORTS. GOVERNMENT'S BEST SELLER: You can't go very far from the U.S. without one.

A passport is a pain in the pocket to most travelers. They feel it would be nice to be able to travel from any country to any other country without having to wait in line and having their patience taxed while their passports are checked.

Passports are a way of the traveler's life, and unless you confine yourself to a limited number of countries, you had better have one.

The word passport is formed from two French words, *PAS-SER* and *PORT*. *Passer* means to pass and *port* means harbor. The connection is simple.

Originally, a passport was used as permission to enter or leave a harbor. Passports were issued to ships as well as to people. Most of the early passports for Americans took the form of letters signed by the President of the United States.

Today, a photograph of the passport holder is necessary in the passport, but in the early days, a photo was not required. Instead, a verbal description was used. For instance, a passport signed in 1804 by President Monroe described one citizen thusly: thin; brown hair; eyes crossed; nose large; forehead low; middling mouth; chin round with scar, and head square.

As said, photographs are required today, and it is sometimes said in jest that if you really do look like the picture in your passport, it indeed is time for a vacation.

All U.S. citizens need a

BARB CORBIN

passport to depart from or enter the United States and to enter most foreign countries. Travel agencies can advise you about the specific requirements.

You should apply early, preferably a few months before your departure in case there is a problem on your birth date or the name you were given being different from what you have been using.

It is surprising how many clients we have run into with problems like this. Some didn't have birth certificates, only registrations, and had to send away for them, finding the registration date is about three or four years later than the certificate, etc.

A passport is valid for five years from the date of issue so get on it right away should an international trip be in the making.

Stop in at your travel agency for applications and more information, which is all free for the asking.

Meet Friday To Discuss Sr.Center

Interested persons are being invited to a planning meeting Friday to prepare for the opening of a Senior Citizen's Center in Antioch.

The 1:30 p.m. meeting will be at the First National Bank.

The meeting will feature free tuberculosis tests for volunteers

who plan to assist with the serving of meals in the senior nutrition program.

Also, a poster party is planned to prepare for publicity of the grand opening on Monday, Aug. 2. Persons plan-

THIS 1892 LAWMAN leading Antioch's Bicentennial parade certainly bears a resemblance to the Paul Revere who rode into town on horseback one night last year, kicking off the community's Bicentennial celebration. But then, he also resembles Antioch's chief of Police, Jack Wells. Hmmm.

Fire Dept. Gives List of Winners

Members of the Antioch Fire Department are thanking the entire Antioch area for its support of the 63rd annual Firemens Dance.

Barney Barnstable, ticket chairman, and Bill Carney, bar chairman, announced that all indications point to the greatest year ever.

Tod Maplethorpe, chairman of this year's dance, stated that he wanted to personally thank all members of the community who helped and supported this year's dance.

Wayne Parthun, chairman for prizes, said the following were winners:

Mr. James Stachurski of Chicago, a visitor to Lorenz's

restaurant, won an electric bar-b-que grill.

Mr. Bud Scichowski of Antioch, a \$100 gift certificate redeemable at Wilton Electric, donated by the fire department.

Mr. Paul O'Dell of Antioch also won a \$100 gift certificate redeemable at Wilton Electric, donated by the fire department.

Mr. and Mrs. Kenneth Buchta of Antioch, winners of an electric crock pot donated by Pedersen Brothers Implement Co.

Mr. Paul Bassett of Antioch, winner of a \$50 gift certificate donated by Wilton Electric.

The owners of Gaa Oil Co. of Antioch were the winners of a card table and four chairs

donated by Ace Hardware of Antioch.

Mr. E. Hetver of LaGrange Park was the winner of an electric household timer donated by Antioch Electric.

Mr. Clyde Douglas of Antioch was the winner of a \$10 gift certificate donated by Guys and Dolls Hairdressers of Antioch.

Mr. Tom Milowski of Antioch was the winner of the second gift certificate donated by Guys and Dolls Hairdressers.

Names in the News

FIVE ANTIOCH students are on the Dean's List at the University of Illinois at Urbana-Champaign. They are Kathleen Poskozim, Gregory Tossey, Thomas Warner, Wendell Burris and Stephen Whitmore.

The list of outstanding students also includes Sandra Jean Lilo of Lake Villa.

STEVE ALBRIGHT, son of

Mrs. Lupe Albright, Route 1, Antioch, has been named to the President's List at North Central College in Naperville in recognition of his scholastic achievement during the 1975-76 academic year.

A graduate of Antioch High School, Steven was one of 126 students named to the list by President Gael D. Swing.

Senior Center

Continued from page 8

ning to attend should bring magic markers, glue, paints, scissors and old magazines.

Twenty-eight persons met in June to plan the opening of the senior center.

The committee is composed of: Romona Pyzyna, Estell Gatch, John Brennan, Lena Message, Cecella Rodney, Helen and LeRoy Hoff, Elvie Hagen, and George and Ann Gialds.

The Scout House, 741 Main St. will be the location for the

center, with sponsorship by the village of Antioch.

A part-time coordinator is being sought by a screening committee composed of William Wild, Frances Rizzo, and Russell Nixon. Three persons have already indicated an interest in the position. Applications are being taken: Call 244-2764.

The center will be open on a regular Monday-Wednesday-Friday basis, needing 5 or 6 volunteers each day.

Your Guide to Fine Dining and Excellent Entertainment

THE Entertainer

Lloyd Pederson Returns to Lincolnshire

The "Lloyd Pedersen Show" has returned by popular demand to the Main Brace Lounge of Marriott's Lincolnshire Resort.

The singing group will be performing from 8:30 p.m. to 1:30 a.m. nightly, except Sunday, for eight weeks through Saturday, Aug. 28.

Lloyd is a native of Antioch and a graduate of Northwestern University. After stints as a Chicago-area actor and substitute teacher, he was discovered by Wayne King and became a vocalist with his band.

Pedersen formed his present show group in March of 1973 and has played throughout the country, including a highly successful engagement at Lincolnshire last September.

Lloyd Pedersen and Singers.

THE TALENTED Pedersen (who has been described as an Englebert Humperdink look-alike) bridges the musical spectrum, ranging from soft rock to

classic ballads and show tunes. But, while featuring "music to love by," the group is capable of

making any room jump with its swinging sessions. Included are a 1950's segment and a special

Tom Jones salute.

Backing Pedersen are a dynamic trio of singer dancers: Ann Redington, Brenda Blaine and Eme Donnelly. Between Floor shows, the back-up musicians (Ray Herrera, piano; Robert Cohen, drums, and Bill Balcom, bass) play music for dining, dancing or just good listening.

The Main Brace Lounge, located in the acclaimed King's Wharf Restaurant of Marriott's Lincolnshire Resort, features nightly entertainment with no cover charge or minimum. The resort complex is on Milwaukee Ave., one-quarter mile south of Half Day Road (Route 22) in Lincolnshire.

Astro- Analysis

By Sonia

ARIES [March 21-April 19] - Mental outlook is good; maintain a positive attitude as you are dealing with the public more now. Take care of legal matters which require your attention.

TAURUS [April 20-May 20] - Pay close attention to business deals which require financial involvement; you tend to gain more through the efforts of a partner.

GEMINI [May 21-June 21] - Attend public affairs which give you a chance to be in the limelight. Try to be agreeable with mate or partner; listen to their opinions.

CANCER [June 22-July 21] - You have the energy to handle an increased workload but remember to reserve some time for outside interests. You get the cooperation you need from close associates.

LEO [July 22-August 21] - You tend to come out in good shape where investments are concerned but do use good judgment before risking personal resources. A good trend continues for romance.

VIRGO [August 22-September 22] - Plan to do some entertaining at home; you get more pleasure out of playing the domestic role now. The advice of an older acquaintance can be valuable.

LIBRA [September 23-October 22] - Try to settle into a routine that allows you time to catch up on neglected responsibilities. As relatives play an important role in present lifestyle keep on good terms.

SCORPIO [October 23-November 21] - Don't get involved with financial obligations that may prove hard to meet in the future. Expenses may be more than usual now but with careful budgeting you can meet obligations.

SAGITTARIUS [November 23-December 20] - The picture you present to others is very important now; do your best to be attractive and charming. You may decide to change present lifestyle somewhat.

CAPRICORN [December 21-January 20] - Keep things strictly above board now as there is a chance for misunderstandings where your actions are concerned. Avoid activities which are conducted behind-the-scenes.

AQUARIUS [January 21-February 19] - Club work and charitable organizations may demand more of your time now; plan your week so you aren't spinning your wheels unnecessarily.

PISCES [February 20-March 20] - Work on paving the way for future security. A good time to being new career plans so be alert for opportunity. Be willing to take orders from superiors.

WHERE BUT IN ANTIOCH could you find a crowd of enthusiastic parade watchers cheering the floats and marchers and not even noticing that Abraham Lincoln is casually crossing the street?

UNCLE JESS AND HIS STARDUSTERS provided music, plus a report on "Antioch's fastest growing corner," owned by Bernie Gunty. From left: Rudy Wagner, Ev Benedict, Uncle Jess Lloyd and Bernie.

FORTUNATELY, this handsome gent didn't show up at any bathing beaches in the good old days, or he would have had to beat off the women with a club. Actually, it was only Village Trustee Mike Haley, in costume for Sunday's old-fashioned picnic and parade, titled "Those Were the Days."

DRIVING THE RITTEN-HOUSE & Embree truck that carried Uncle Jess and His Stardusters was R&E's Bud Scichowski.

THE OAKWOOD KNOLLS subdivision float was one of the prize winners, according to judges of Sunday's parade on Antioch's Main St. No wonder.

Edison Firm Gets 'Full Power' Okay

Authorization to operate Units 1 and 2 of the Zion station in Lake County at full power has been issued to Commonwealth Edison Company by the Nuclear Regulatory Commission's office of nuclear reactor regulation.

Both units use pressurized water reactors and at full power each will have a net electrical generating capacity of about 1,050 megawatts.

When the units were licensed in October and November of 1973, operation was limited to 85 percent of full power or about 880 megawatts.

The power level restriction was based on conditions of the licensing board and on a recommendation of the advisory committee on reactor safeguards (ACRS) that the plants be operated at less than full power at least until after the first refueling of Unit 1. (Unit 1

refueling was completed in May, 1976.)

Following a review of operating experience at the Zion station, the ACRS found in June that its concerns relating to fuel behavior, control of core power distribution and reliability of diesel generator startup have been acceptably resolved and that both units could be operated at full power without undue risk to the public.

New Phone System

On Saturday, July 17, telephone customers in Antioch will begin completing their own person-to-person, collect, credit card calls, and other calls requiring operator assistance by dialing the number themselves.

Women of Moose To Meet July 15

The next meeting of the Antioch Women of the Moose will be held Thursday, July 15.

A bicentennial dance is planned Saturday, July 31. Tickets are available to Moose members and their guests.

Last Thursday's meeting was the first of the 1976-77 "chapter year."

Senior Regent Norma Lowe conducted the meeting.

For the red tassel ceremony, Erna Toft acted as presentation officer and changed Karen Bartuska's green tassel to a red one. This signifies that Karen has been a member of the College of Regents for one year.

Rose Marie Hadley received her red stole after four successive years as a collegian.

The enrollment of seven new

members took place. They are Ann Gasperino, Joyce Nells, Mary Hermanto, Juanita Japczyk, Isabel Masiaz, Katherine Melius and Shirley Kucia.

June Ballenger gave a talk about her trip to Mooseheart to receive her collegian cap and gown.

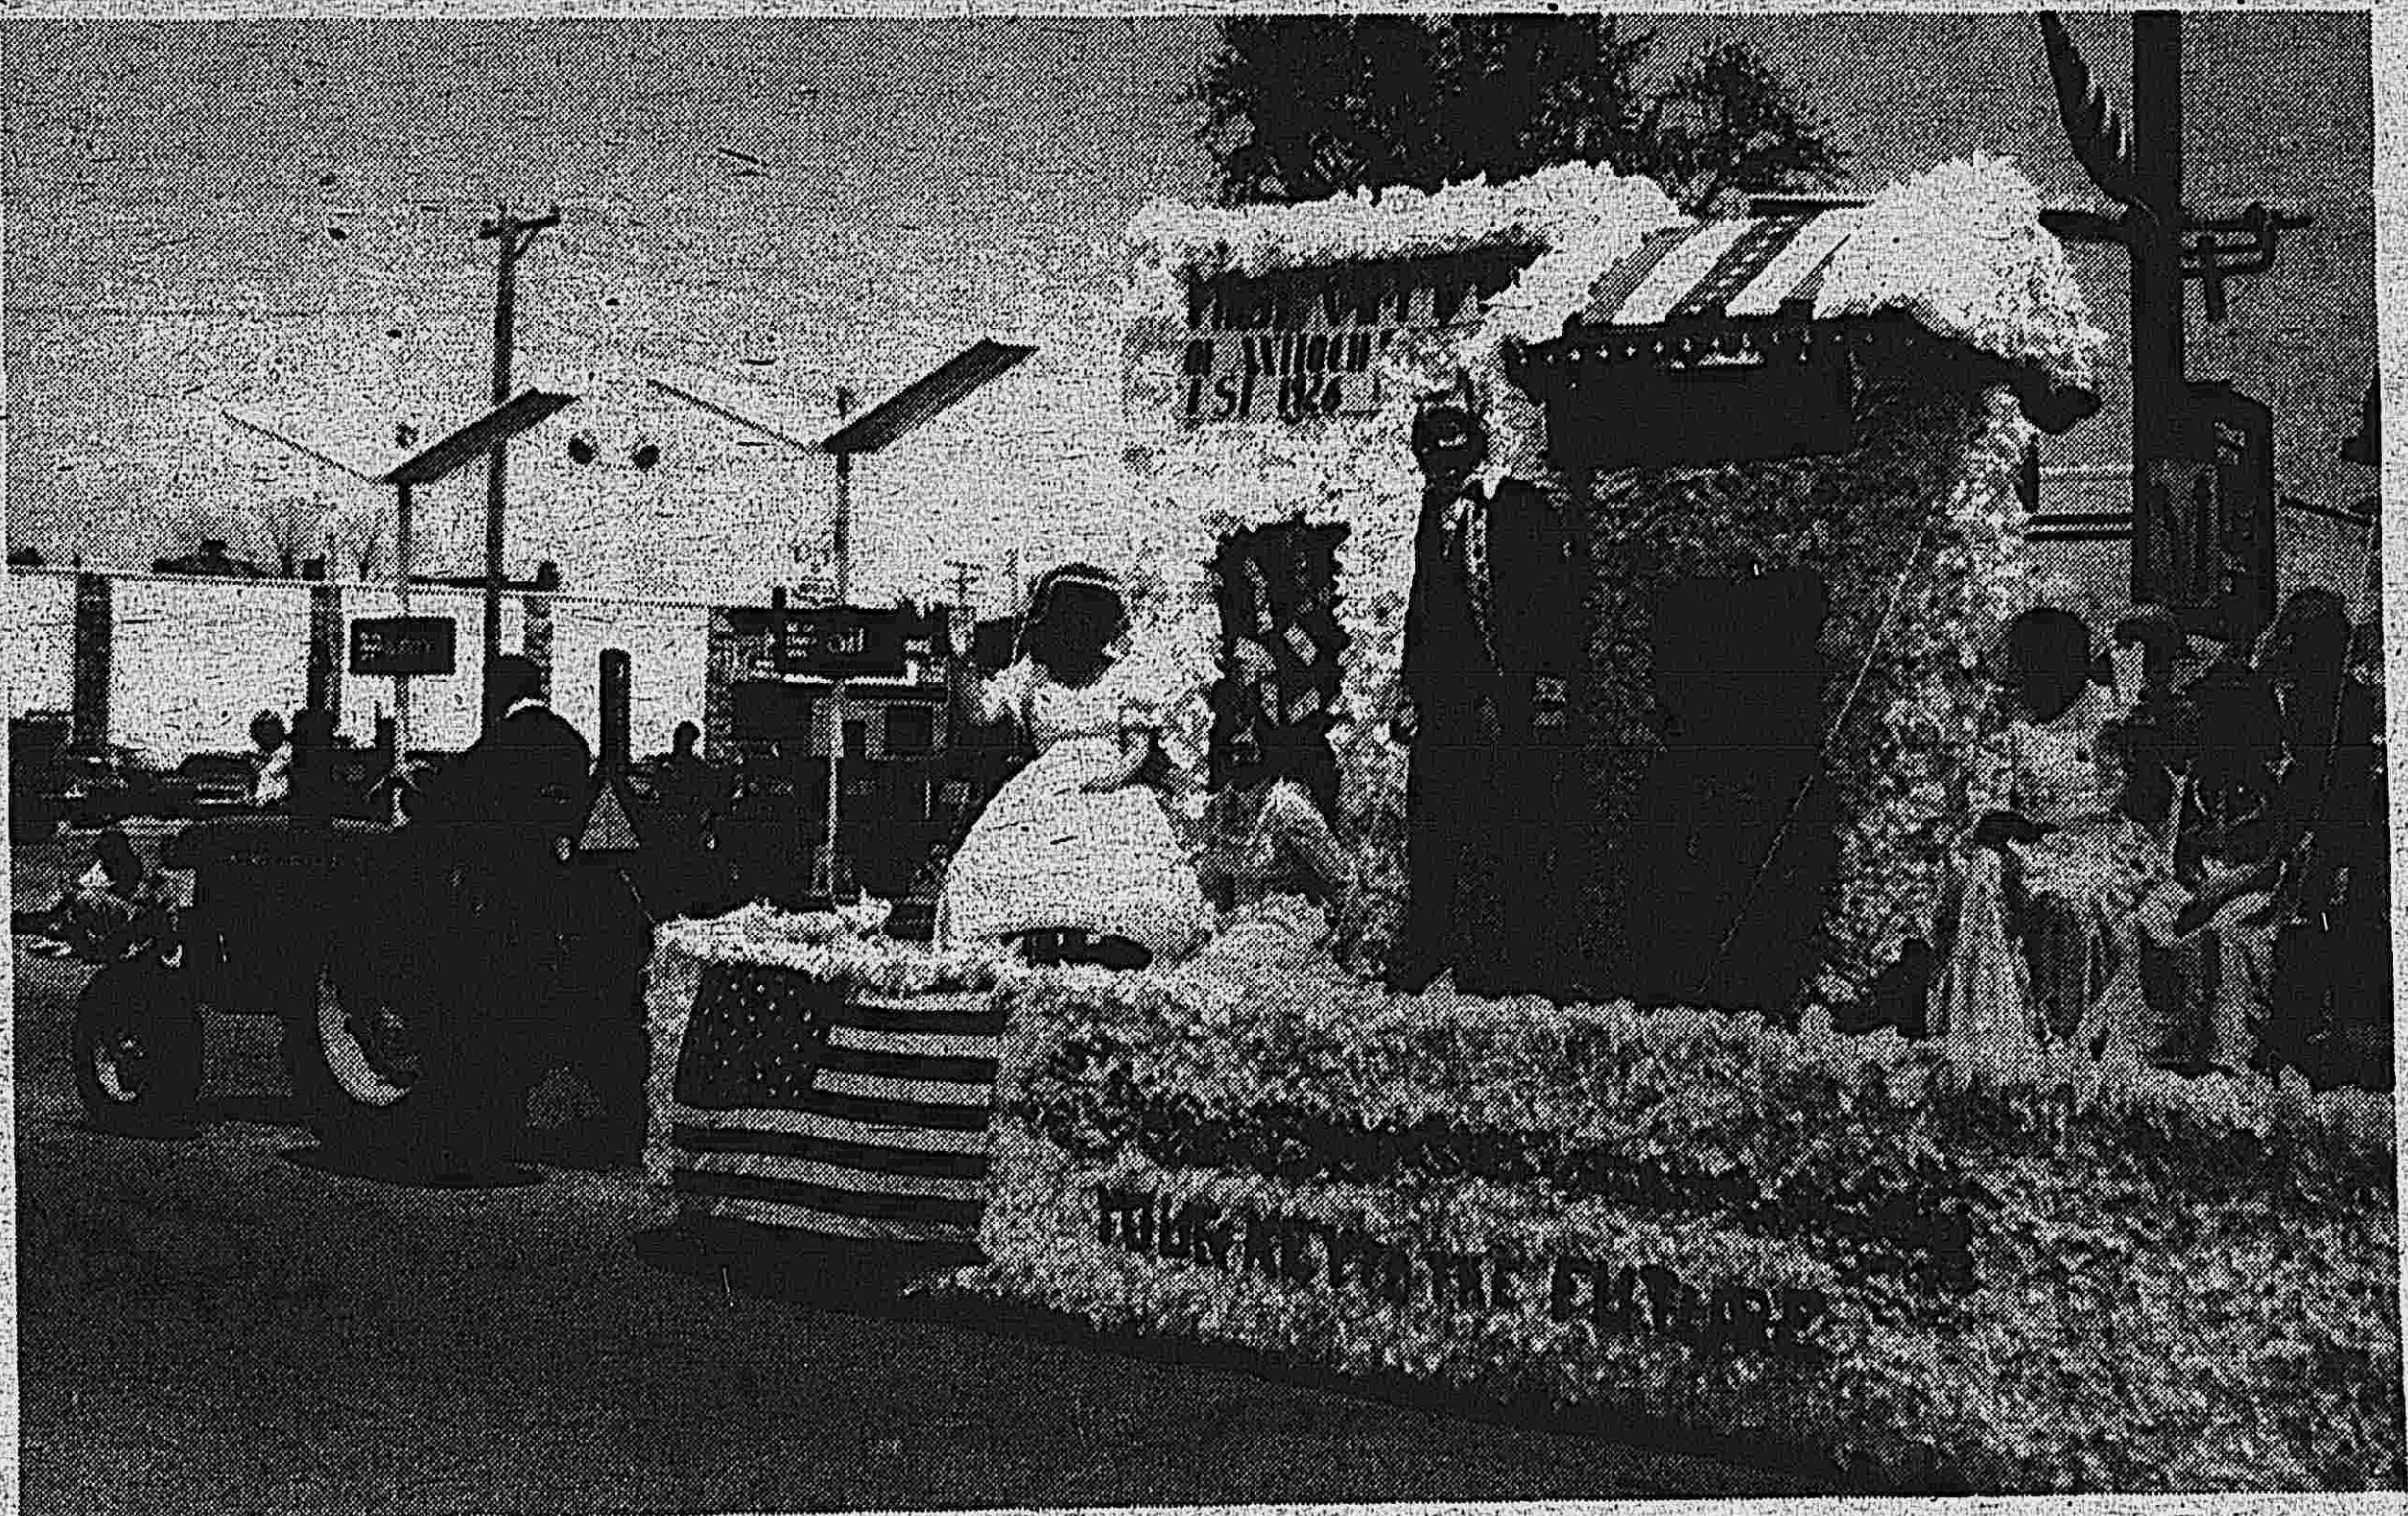

Past Deputy Grand Regent Marianne Koeller from Portage Park was guest speaker for the evening.

A total of 89 persons were present with visitors from Cicero, Naperville, Portage Park, River Grove, Zion and Antioch.

On July 4 the Moose lodge was opened to the public and sandwiches served to those who participated in the Antioch parade.

NO PARADE IS COMPLETE without clowns, and no clown was more popular Sunday than Jenny Beese, Antioch High School sophomore who was representing the Rainbow Girls. Jenny had so many friends on the curbing they wouldn't let her keep up with her group.

THE FIRST NATIONAL BANK OF ANTIOCH had a float built exclusively by bank employees and their families. Bank President LaVerne M. Woods pulled it with a tractor. Two weeks of time and effort, plus 23,100 paper napkins

and 150 feet of chicken wire went into the construction. On the float (from left) are Carolyn Van Patten, Bonnie Litchfield, Lou Korum and Hilma Lightsey.

Ski Team Performs

The Sand Lake ski team, a newly-organized water ski group, entertained a large group of guests and friends at a ski show Sunday afternoon.

The show was part of the summerfest at the Zur Tanne Pine Tree Inn in Lindenhurst.

The show began with a pyramid act, featuring Tom Michaels of Mt. Prospect, Steve Krutzer of Sand Lake, and Brenda Hoffman of Indian Point.

Brenda is a 1976 graduate of Antioch High School.

Bill Lichter of Bluff Lake did barefoot and trick skiing while "T.J." Robinson of Channel Lake and Bill Reeder of Indian Point put on a clown act.

Bill and "T.J." are 1974 graduates of Antioch High School.

Michaels and Robinson gave a performance of deep-water, barefoot skiing. They started without skis, with their legs wrapped around ski ropes. They were pulled on their backs until the boat was traveling more than 36 miles an hour and then got up and proceeded to ski barefoot.

Reeder then performed a "360-degree circle" around the boat, sometimes at 55 mph.

This act was followed by a multiple barefoot number featuring Bob Robinson, Antioch High School junior, Scott Novack, Michaels and "T.J." Robinson.

The finale featured "T.J." soaring to great heights on a kite as he circled the lake.

Boat drivers were Jim Albright of Indian Point and Steve Krutzer. Curt Johnson was the announcer for the show.

Bill Reeder is president of the ski team and Krutzer is treasurer.

DAN HALEY AND CONNIE RYAN wave from a buggy that was a delightful part of Antioch's big July 4 parade. The "horse-

power" was provided by Dean Waite (front legs) and Mark Haley (back legs).

The Amazing, New Doughnut Diet

By JERRY PFARR

I am very disappointed that no one locally has complimented me on the 16 pounds I have lost.

It is something like earlier this year when I was left off the list of the world's 10 best-dressed men. The experts didn't even

bother to come to Antioch to see how I was dressed.

At any rate, I am going to share with you my own personal diet, which is really a lot of fun—especially when you're shedding 16 pounds in two short months.

(Another 16 pounds and I will be in shape for tennis, a sport in which I plan to excel as soon as I take it up. This is a warning to Chuck Cermak and others of his ability.)

I never could eat an early-morning breakfast, so I wait until about 10 a.m. and then devour six doughnuts.

It's easy then to skip lunch and wait for the evening meal. At this orgy I eat all the meat, potatoes and vegetables I desire, and top it off with a huge chocolate sundae with whipped cream.

The secret, I think, is that I

Local Racers Do Well at Wilmot Track

Antioch area drivers were among the stars last week in the first Thursday night auto races at Kenosha County Speedway in Wilmot.

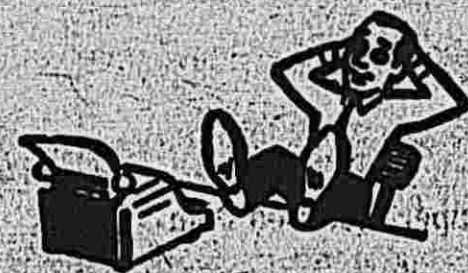

In competition for late model sportsman stock cars, Don Collins of Antioch posted the fastest time and Tom Homan was seventh in the 20-lap feature, won by Ken Zeisse of Union Grove, the track's point leader.

It was the first program of racing in a schedule that will continue on Thursday nights for two months at Wilmot.

IN RACES for spectator stock cars, Brian Outtin of Lake Villa was the fastest qualifier in a 1973 Camaro and Bob Schultz of

Please turn to page 16

the Pfarr Corner

drink nothing but water and diet soda. No beer or booze. In the past I have been known to gulp down six or eight Cokes in the course of a day, and drink two or three martinis on an occasion (such as the sounding of the Rescue Squad siren).

I began my diet two months ago when I passed a store window, glimpsed the reflection of a fat man and realized... holy cow! ... that's me!

Next time you see me, please say something kind about how much more svelte I'm looking. Thanks.

WE ALL KNOW how much fun Antioch had on the Fourth of July, but reports from other cities around the nation indicate that we actually forgot to include some fun events in our

community-wide frolic.

For example, Philadelphia had a 49,000 pound birthday cake, 5½ stories high.

Fort McHenry, Md., had Dinah Shore and Mary Tyler Moore.

Elko, Nev., had an Irrintzi yelling contest, whatever that is.

Manitou Springs, Colo., had a Pikes Peak auto hill climb.

Shreveport, La., had an International BB gun tournament.

And in Vale Butte, Ore., they had a "suicide race" in which horseriders raced down a steep mile-high hill.

How would you like to be a spectator and have a horse come falling down on top of you?

"Is your home insured for what it's worth, or just for what it cost you..?"

See me to find out if your homeowners insurance covers you for increased value due to inflation. I'll explain State Farm's low-cost Homeowners Insurance with automatic inflation coverage.

First 2 Golfers In Antioch Open

Two Lake Villa golfers are the first entries in the Antioch Open Men's Golf Championship. The 36-hole tournament will be played on two Sundays, Aug. 22 and 29, at the Antioch Country Club.

The first to enter were Robert Sarver, who will play in the championship class for golfers who shoot in the 70s, and Robert Knourek, who has entered Class B, for players who shoot in the

80s.

There also is a Class A flight for those who play in the 80s.

The tournament is being co-sponsored by the Antioch Country Club and The Antioch News. Entry blanks are available at both places and are being put in various business establishments in the two communities. A blank also appears in today's Antioch News.

The tournament is restricted to male golfers 16 years of age

and over who either live or work in the townships of Antioch and Lake Villa.

It is the area's first championship tournament, with players competing without handicaps.

The deadline for entries is Thursday, Aug. 12, but golfers wishing riding carts should make their reservations as soon as possible.

Complete information appears in the entry blank.

Full Weekend Of Racing At Waukegan

Larry Schuler was the big winner Monday night at Waukegan Speedway in the "All-Star 200" as he took the feature lead from Ray Young in the 49th lap of the 100-lap main event.

The program "played" before a full house under beautiful skies on the final day of the holiday weekend.

Young set fast time and then took the feature lead from Mike Miller in the 38th lap, but then lost top spot to Schuler after a caution in the 48th lap.

Wisconsin favorites Dick Trickle and Tom Reffner were both missing Monday night as engine problems at races Sunday sidelined their cars.

The feature started on a spectacular note as Lee Schuler and Ted Richter collided on the opening lap with Richter's sleek Camaro climbing the backstretch fence and nearly flipping. The car settled to the ground at the pit entrance and two pitmen suffered minor bruises in the scramble to avoid the airborne car.

BOB ROBEL had a big night at the Waukegan Speedway Sunday in super-modified competition, scoring a near clean sweep in the regular races and placing third in the rain-delayed main event from June 27.

The 37-year-old bricklayer from Oconomowoc, Wis., scored a popular victory in the Wix Filters Holiday 40-lap modified race. Robel, who now holds the point lead at Waukegan, also won his heat race in easy fashion and was second to Mike Simko in time trials.

Simko brushed Dave Bliss in the rain-delayed feature and his yellow No. 8 hit the pit wall and knocked a wheel off. Simko drove a back-up car to 11th in the holiday main.

Robel's victory was even more spectacular Sunday as he spun in the third lap of the main event, going completely around (360-degrees), never hesitating and continuing at full speed forward.

Racing next Sunday at Waukegan returns to a more normal pace with a 25-lap super-modified feature and a 12-lap hobby stock feature. As a special added attraction, the "Beat-Your-Neighbor" races will be run with several diesel trucks expected to enter.

BOB DOTTER put together a "clean sweep" Saturday night at Waukegan to jump into the late model point lead.

Dotter paced time trials, then took the dash and gained top spot in the first heat.

Steve Seligman took the lead in the Wix Filter's Firecracker 50-lap feature at Gordie Sill's green flag, but Roy Acuff gained the lead one lap later.

Dotter worked his way up from the 10th starting berth, gained second from Ed Dunne in the 12th lap and then passed Acuff in the 21st to cruise home for the win.

Phil Mass took runner-up.

honors followed by Ted Richter, Acuff, Ron Parker and Hal Davis.

Saturday night a powder puff

derby will be run as the added attraction. Moto cross racing returns to the track Friday night.

Amount Enclosed _____

DEADLINE FOR ENTRIES: THURSDAY, AUG. 12

Mail or bring entries to the Antioch Country Club, Route 59 and Grass Lake Road, or the Antioch News, 950 Main St., Antioch, Ill. 60002

No entry fees will be returned after Aug. 12.

Trophies and prizes will be awarded to the top finishers in each of the three classes. ★ Pairings will be made in foursomes, starting at 10 a.m. on each day. Pairings will be made at random for the first 18 holes, and according to scores for the final 18 holes.

United States Golf Association rules will apply, with the exception that winter rules will be allowed when playing from your own fairway.

The tournament committee includes Pres. Reckers, Rich Higgins, Jack Fields, Mike Haley, Jerry Pfarr and Nick Marucci, the golf professional at Antioch Country Club.

SPORTSMAN'S CORNER

The state department of conservation reports that Deep Lake is most productive in the Chain of Lakes.

Anglers give largemouth and bluegill excellent marks, with average bass going 2 lbs. and hitting plastic worms and surface lures on the south end.

Crappie are rated good with 6-8 inchers hitting jigs, and northerns merit a fair rating with trolled lures most productive.

Lake Marie reports excellent striper action, with good fishing for northern, walleye, bluegill and channel cat.

Largemouth are rated fair-to-good at Cedar Lake, and get the same rating at Lake Catherine. Bluegills are rated fair-to-good at both locations.

LAKE MICHIGAN anglers say the best fishing of the

season is taking place now.

Off Waukegan, coho and chinook each get a good rating with trolled green lures taking the best catches. Coho average 5-8 lbs, while chinook are going up to 27 lbs.

It's still spotty fishing for brown trout, and lake trout, although fish are running 8-15 lbs.

Fish are being found in tight schools, and charter boat skippers indicate best success when fishing 10-25 feet, down in 50-70 feet of water.

Breakwater fishermen report catches of 10-30 perch per day, most hitting on minnows.

THELEN SAND & GRAVEL was represented in Sunday's parade by the firm's familiar miniature milk wagon, pulled by 9-year-old miniature Shetland ponies. The drivers were Jack and Debbie Thelen.

Moment of Truth for Montreal

(This is the second article in a series on the Olympic Games by Jody Patrovsky of Antioch. She will be covering the Games in Montreal this month and will continue writing reports for the Antioch News.)

By JODY PATROVSKY

Montreal has been preparing for the Olympic Games for the past six years.

During these years a Sports Complex was built, consisting of a main Olympic Stadium, swimming pool and velodrome. An Olympic Village also was erected to accommodate the 8,340 athletes who will be competing in the Games.

These athletes are now arriving in Montreal to prepare themselves for competition starting Sunday, July 18.

The members of the United States Olympic team are meeting in Plattsburgh, N.Y., this week to be outfitted with the

official Olympic apparel.

The red, white, and blue fashions are exclusively designed by Halston and supplied by Montgomery Ward.

After the athletes are fitted with their parade and leisure wardrobe, they will leave as one team for Montreal.

Upon their arrival in Montreal, the Olympians will resume intense training for the 10 days prior to the opening ceremony.

The opening of this 21st Olympiad has had more than its share of problems.

Despite work stoppages, strikes, and financial difficulties, the Canadians were able to finish enough of the Olympic Complex for the Games to begin as scheduled.

Now Canadian politics are threatening the success of the Games by attempting to ban the team representing Nationalist China (Taiwan) from participation.

Perhaps, the Canadian officials should review the true meaning of the five rings in the Olympic symbol - the linking together of the peoples from the five major continents of the

JODY PATROVSKY

world in sporting friendship, whatever creed or color.

Unfortunately, this controversy has put a lid on the excitement beginning to brew in Montreal.

If all of the people involved will remember the most important aspect of the Olympic Games, according to the Olympic Creed, is not to win but to take part, the 21st Olympiad will be a success.

Mid-Season Title Races At Geneva

Point leaders in each of the three divisions racing at Lake Geneva continue to hold their top spots as the Raceway gets ready for the first of the mid-season championship

events Saturday night.

Dave Watson, Milton, leads the late model stock cars who will race in a 50-lap, mid-season championship race Saturday. Watson has won five features

this season at Lake Geneva.

The sportsman stock cars will hold their mid-season championship race on Sunday, July 18, and leading that group is Fran Baumgartner, Genoa City, also in a Camaro.

The super-modified SMAC two-track series is still led by Bob Robel, Oconomowoc, Wis., who managed only a third in the feature last Friday night won by Mike Simko, Milwaukee, who enjoyed his first feature win in a car owned by his sister, 18-year-old Cindy.

DAVE WATSON, Milton, won his seventh feature race in the Nielsen 1976 Camaro late model stock car at the Lake Geneva Raceway on Saturday night. He also set fast time but missed the sweep when he failed to even place in a heat race.

Two Burlington drivers, John Baumeister and Tom Mack, scored sweeps of their events on Sunday night at the Raceway. In addition, Baumeister's qualifying time of 17.82 seconds was a new record for the sportsman stock cars on Sunday night.

This Saturday night, the late model stocks race in a 50-lap, mid-season championship race.

Racing at Wilmot

Continued from page 14

Antioch won a heat race in a 1975 charger.

Collins started last in the 20-lap feature field of 16 cars and moved to fifth place before his engine gave out.

SEVERAL CARS were racing on dirt for the first time this season as the card attracted cars that usually race on the asphalt track at the Lake Geneva Raceway, also promoted by Toft Auto Racing.

Terry Blakeley, Lake Geneva, was leading the feature race when suspension problems finally forced him out. He had earlier led a heat race but was involved in a crash that put him out of that race.

Spectator stock car racing took on a new look in the other portion of the program as drivers used nearly new cars which they normally drive as family automobiles.

Thursday night racing will continue at Wilmot through Aug. 28.

THANKS

On behalf of the Antioch Fire Dept., we would like to thank all of the participants of the Antioch 4th of July Bicentennial Parade. Without all of the hard work of the various groups, the parade would not have been as successful as it was.

Special thanks to the Antioch Lions Club for Sponsoring the Racine Elks Youth Band.

OBITUARIES

Hillard Burke Of Cross Lake Dies at 53

Mr. Hillard G. Burke, 53, of Cross Lake near Antioch, passed away on Sunday, July 4, at Victory Memorial Hospital.

He was born Aug. 26, 1922, in Chicago, and resided there until moving to Antioch in 1951.

He is a member of Holy Name Catholic Church in Wilmot.

Mr. Burke served in the U.S. Navy during World War II and held membership in American Legion Post No. 667 in Chicago. He served on the Chicago Fire Department from 1949 until his retirement in 1976. He married Marion Rueter on May 17, 1947, in Chicago.

He was preceded in death by his father, Phillip Burke.

Survivors are his wife, Marion, one daughter, Mrs. Pat (Jack) Zubor of Antioch; one son, Lawrence (Valerie) Burke of Antioch; his mother, Mrs. Tillie Burke of Chicago; one sister, Mrs. Trudy (Walter) Zale of Chicago, and two grandchildren.

Rev. Mark Lyons of Holy Name Church officiated at an 8:30 p.m. service Tuesday at the Strang Funeral Home in Antioch.

Friends called at the funeral home from 6:30 p.m. Tuesday. Interment was at Liberty Cemetery.

Memorials may be given to the Antioch Rescue Squad, or the Salem Township Rescue Squad in memory of Mr. Burke.

Restorations

Your cherished memories don't have to stay tucked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again ... in an honored place in your home or as a gift to someone dear.

Antioch Chamber Plans 3 Events

"Because the Chain of Lakes is so vital to the economy of Antioch, the board of directors has approved endorsement of a Legislators' Day on Monday, July 19," Jack Siegmeier, president of the Antioch Chamber of Commerce and Industry, said last week.

Siegmeier said the Fox Lake

Chamber of Commerce is participating.

The goal of Legislators' Day is to obtain state funding to continue the dredging project in the Chain.

The program will include a meeting to explain the Chain's problems to the 125 legislators expected to attend the event,

which will be followed by a boat ride through the chain and a cocktail and bar-b-que party at Bluff Lake.

THE CHAMBER also is preparing for some of its regular summer events. Maxwell Street Days will be held July 29, 30, 31.

Midnight Madness is scheduled Thursday, Aug. 19. This year, Miss Illinois will be part of the program, in addition to the contest and free popcorn for shoppers.

"The retail committee will also have a few surprises for this final summer sales event," Siegmeier said.

Raceway's Crowd Grows

Mike Simko of Milwaukee last Friday added his name to the growing list of super-modified stock car drivers getting "first" feature race wins on the new, two-track SMAC circuit. His win came at the Lake Geneva Raceway.

Simko stretched out a long lead over Ron Bergsma, Richmond, who finished second ahead of fast-time qualifier, Rob Robel, Oconomowoc.

Bill Klein, Burlington, and Ken Monroe, Pell Lake, rounded out the top five. It was Monroe who started the streak of "first" wins as he became a winner at the first Friday night SMAC race held at Lake Geneva on June 11.

Bill Repsold then followed suit to win two races at Wilmet and at Waukegan Speedway, the second SMAC track.

It was the largest crowd so far at the Lake Geneva Raceway. Some of this increase was prompted by the \$1 admission charged up to 7:30.

Promoters announced a continuation of the policy with

Pal meaning friend is from the gypsy word for brother.

It adds up fast at Country Life

In six years Country Life moved from ninth place to third in the sale of new ordinary life insurance in Illinois.

What makes Country Life such a fast-growing company? Good insurance values at prices you can afford. Plus highly trained agents who can help you get the most for your insurance dollar.

It adds up to two good reasons for you to see your Country Companies agent soon.

The Country Companies. We're a little different than most insurance people.
